RE: EPA & MDNR Comments on the Baseline Groundwater Monitoring Semi-Annual Report for Quarters 1 and 2 for the Solutia – John F. Queeny Site, St. Louis, Missouri  
**EPA ID No. MOD 004 954 111**

Dear Mr. Morrison:

Environmental Operations, Inc. (EOI), on behalf of SWH Investments, is responding to the U.S. Environmental Protection Agency Region 7 (EPA) and the Missouri Department of Natural Resources (MDNR) letter dated August 13, 2012, for the referenced subject. Per my conversations with you and Ms. Kump-Mitchell with MDNR on August 27, 2012, we agreed that revising and reissuing the report would not be required. Instead, since the annual report is currently scheduled for completion by the end of September, we would incorporate the appropriate changes, which were primarily organizational in nature, into that document.

If there are questions or concerns please contact Larry Rosen or Matt Robinson or who can be reached by phone at (314) 241-0900, or via email at [larryr@environmentalops.com](mailto:larryr@environmentalops.com) or [matt@environmentalops.com](mailto:matt@environmentalops.com).

Respectfully submitted,  
ENVIRONMENTAL OPERATIONS, INC.

Lawrence C. Rosen, R.G.  
Senior Project Manager
